

Did you know you can track registered sex offenders who may live in your neighborhood?

Go to www.meganslaw.ca.gov

The City of Fresno has lost track of a large number of sex offenders!

SEE THE FACTS . . .

These are the Facts

FACT 1: 1565 registered sex offenders are registered within the City limits of Fresno.

FACT 2: 215 of these registered sex offenders, or about 14%, are out of compliance. This means the City has lost track of them.

FACT 3: 497 registered sex offenders are registered in the unincorporated areas of Fresno County.

FACT 4: The Fresno Sheriffs' Department knows where all but 31 of these registered sex offenders are, only 6%. . . less than half the percentage out of compliance compared to the City of Fresno.

Ask yourself: Who do you want keeping track of the registered sex offenders in your neighborhood and protecting you and your family... the City or the Sheriff's Department?

Contact the Fresno Deputy Sheriffs' Association to help stop the grab by the City of Fresno and end their attempt to annex county pockets within Metropolitan Fresno.
